How to create a floating image in html

Step 1

Create a html file

Ex-table.html

Step2

Write down the basic code of html in table.html file

<!DOCTYPE html>

<html lang="en">

<head>

<meta charset="UTF-8">

<meta http-equiv="X-UA-Compatible" content="IE=edge">

<meta name="viewport" content="width=device-width, initial-scale=1.0">

<title>Document</title>

</head>

<body>

</body>

</html>

Step 3

In body tag add the image give the height and width and float

ex

<img src="D:\all htmlcss knowledge\newwebsite\thumb.gif" alt="smile"style="height:45px; width:45px; float:left;">

output

best of luck for your new journay

keep always smile in any sechuation and hand all the challenges in your life

I have successfully created a float image website
